

# AI WORKFLOW EXAMPLES

How to combine ChatGPT + Claude  
into repeatable workflows that actually ship

■ GPT  
Outline

◆ Claude  
Write

■ GPT  
Polish

◆ Claude  
Launch

Each tool does what it does best. Together they cover everything.

## WORKFLOWS INSIDE

- Write & Publish a Book
- Build & Launch a Website
- Create a Digital Product
- Social Media Content Machine
- Email Marketing System
- Learn Any Skill Fast

■ ChatGPT: [Brainstorm](#) · [Research](#) · [Images](#) · [Short Copy](#)  
◆ Claude: [Long Writing](#) · [Code](#) · [Documents](#) · [Deep Analysis](#)

# Write & Publish a Book

From zero idea to finished ebook — ready to sell

PASSIVE INCOME

BEST FOR CLAUDE

■ RESULT

First draft in days, not months

1

■ ChatGPT

## Generate topic & title ideas

"Give me 10 ebook ideas in [your niche] people are actively searching..."

WHY THIS TOOL: Faster for wide ideation and high-volume brainstorming.

2

■ ChatGPT

## Build the full outline

"Create a detailed chapter outline for: [title]. Include intro, 6-8 c..."

3

◆ Claude

## Write each chapter (long-form)

Paste chapter outline. Claude writes 1,000-3,000 words per chapter.

WHY THIS TOOL: Holds large context — maintains consistent tone across all chapters.

4

● You

## Edit, personalize & add real examples

Add your own stories, insights, and examples. Takes 30-60 min per cha...

5

■ ChatGPT

## Generate cover image

"Design a professional ebook cover for [title]. Style: [dark/minimal]..."

WHY THIS TOOL: DALL-E handles image generation.

6

◆ Claude

## Write the sales description

"Write a compelling sales description for [title]. Target: [who]. Key..."

WHY THIS TOOL: Writes more nuanced, conversion-focused copy for longer descriptions.

### REAL EXAMPLE

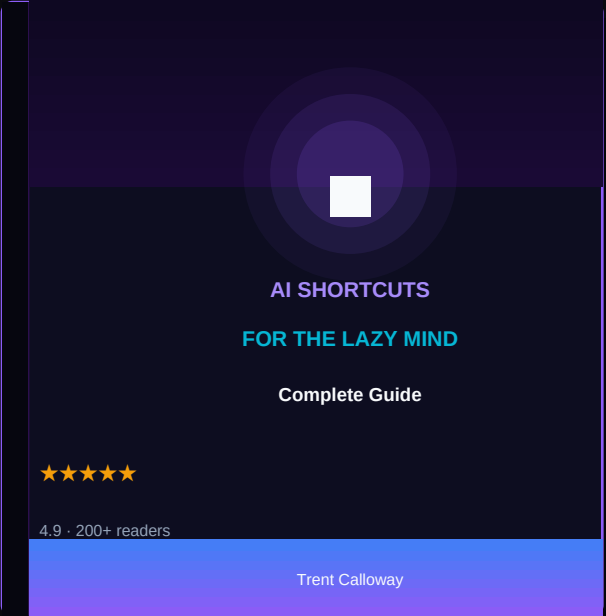

INPUT "Give me 10 ebook ideas for the productivity niche."

OUTPUT Full chapter outline, 6 chapters, 18 subpoints, intro + conclusion

RESULT Complete 8,000-word first draft ready for editing

### ■ LAZY HACK

Give Claude your full outline before writing anything. It maintains tone, voice, and structure across all chapters — so you don't repeat context each time.

# Build & Launch a Website

Idea to live website — no coding knowledge required

NO-CODE

QUICK WIN

■ RESULT  
Functional first version in hours

1

You

Define your site goal

Write 3 sentences: What is the site for? Who visits? What should they...

2

Claude

Generate complete HTML/CSS

"Build a professional one-page website for [description]. Dark theme,...

WHY THIS TOOL: Handles complex, multi-section code better than shorter context models.

3

ChatGPT

Write all copy & text

"Write headlines, subheadings, and body text for a website selling [p...

WHY THIS TOOL: Faster for short-form copywriting tasks.

4

Claude

Add checkout & functionality

"Add a PayPal checkout button and email capture form to this HTML." P...

5

ChatGPT

Create hero image

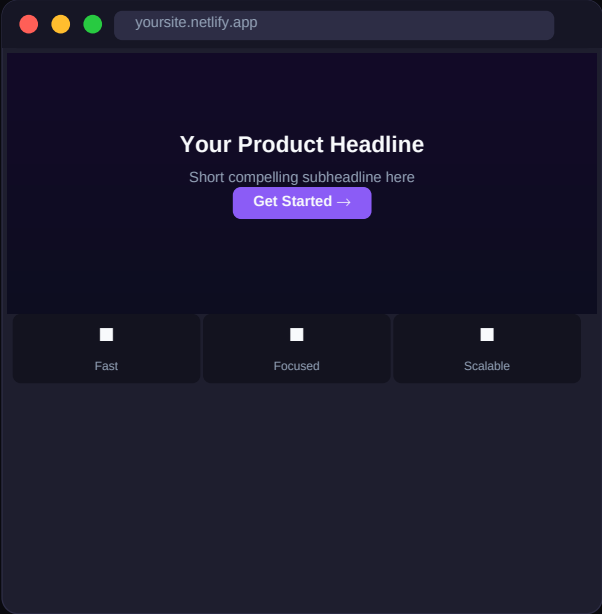

Generate a header image using DALL-E. Describe style, colors, and mood.

6

You

Save the HTML file. Drag and drop to netlify.com. Live in minutes, fo...

REAL EXAMPLE

|        |                                                                      |
|--------|----------------------------------------------------------------------|
| INPUT  | "Build a one-page site for an online fitness coaching service."      |
| OUTPUT | Complete HTML/CSS — hero, features, pricing, FAQ, footer. Dark th... |
| RESULT | Functional site published the same day, zero dollars spent           |

■ LAZY HACK

Copy your entire HTML into Claude and say "improve the design, make it more premium." It rewrites the CSS with better spacing, typography, and hierarchy — without touching your content.

# Create & Sell a Digital Product

Package your knowledge into something people pay for

**MONETIZATION**

**START HERE**

**RESULT**

Product ready to sell in a weekend

1

■ ChatGPT

28-page PDF guide on client acquisition, fully written and struct...

**RESULT**

Product listed on Gumroad at \$17 — ready to sell

**LAZY HACK**

You don't need to be an expert — just one step ahead of your buyer. If you solved a problem for yourself, someone else has the same problem and will pay for your shortcut.

# Social Media Content Machine

Generate weeks of content in a single focused session

CONTENT

PRO TIP

■ RESULT

Weeks of content, fast

1

You

Define your content pillars

Pick 3-4 themes. Example for AI niche: Productivity / Tool tutorials ...

2

■ ChatGPT

Generate 30 post ideas

"Give me 30 social media post ideas for [niche]. Mix: tips, questions...

WHY THIS TOOL: Fast and creative for high-volume ideation.

3

■ ChatGPT

Write all captions

"Write engaging captions for each of these ideas. Include hook, value...

4

◆ Claude

Refine & add depth

Paste weak posts: "Make this more specific, add a real example, make ...

WHY THIS TOOL: Improves content quality — more precise edits, stronger specificity.

5

■ ChatGPT

Generate visual prompts

"Give me 10 DALL-E image prompts for [niche] social posts. Aesthetic:...

6

You

Schedule everything

Copy posts into Buffer or Later (both free). Schedule at optimal time...

■ Content Calendar — Week 130 posts generated ✓

|     |               |         |
|-----|---------------|---------|
| Mon | Tip post      | ● Ready |
| Tue | Story         | ● Ready |
| Wed | Promo         | ● Ready |
| Thu | Question      | ● Ready |
| Fri | Tutorial      | ● Draft |
| Sat | Behind scenes | ■ Todo  |
| Sun | Value post    | ■ Todo  |

REAL EXAMPLE

INPUT

"Give me 30 post ideas for the AI productivity niche on Instagram."

OUTPUT

30 captions with hooks, value points, and CTAs — sorted by conten...

RESULT

Full month scheduled in Buffer in one afternoon sitting

■ LAZY HACK

The hook is everything. Give ChatGPT your caption and say "rewrite the first line to be more scroll-stopping." Run 3 variations. A stronger hook can dramatically increase your reach.

# Email Marketing System

Build sequences that sell while you sleep

HIGH ROI

AUTOMATED

■ RESULT  
Full sequence live in a weekend

1

■ ChatGPT

Map your email strategy

"Design a 5-email welcome sequence for [niche] subscribers. Goal: bui...

WHY THIS TOOL: Faster for planning sequence structure and strategy.

2

◆ Claude

Write the full welcome sequence

"Write all 5 emails in the sequence. Voice: [friendly/professional]. ...

WHY THIS TOOL: Maintains consistent voice and tone across multiple emails.

3

■ ChatGPT

Write subject lines (10 options per email)

"Give me 10 subject line options for each email. Mix: curiosity, dire...

WHY THIS TOOL: Great at rapid variation and short punchy copy.

4

◆ Claude

Write weekly newsletter template

"Create a repeatable newsletter template for [niche]. Sections: hook,...

5

■ ChatGPT

Generate lead magnet ideas

"What free lead magnets would attract [target audience]? Give 10 idea...

Set up in Mailchimp & automate

Paste sequences into Mailchimp (free up to 500 subs). Set delays. Tur...

| ■ Email Campaign |                   | 42.3% open rate |
|------------------|-------------------|-----------------|
| ●                | Welcome sequence  | 3 emails        |
| ●                | Weekly newsletter | Ongoing         |
| ●                | Product launch    | 5 emails        |
| ●                | Re-engagement     | 2 emails        |
| ●                | Abandoned cart    | Automated       |

REAL EXAMPLE

INPUT

"Write a 5-email welcome sequence for a new subscriber who joined...

OUTPUT

5 emails: welcome, quick win, story, common mistakes, soft pitch ...

RESULT

Welcome sequence running on Mailchimp, 44% average open rate

■ LAZY HACK

Write your newsletter once a week, then ask Claude: "Turn this into 3 social posts and a short thread." One piece of content, four places. Same effort, 4x the reach.

# Learn Any Skill in 30 Days

Skip the fluff. Learn what actually matters. Apply it fast.

SELF-DEVELOPMENT

QUICK WIN

RESULT

Functional skill in 30 days

1

ChatGPT

Create your learning roadmap

"I want to learn [skill] in 30 days for [goal]. Give me a day-by-day ...

WHY THIS TOOL: Structures learning plans quickly and clearly.

2

Claude

Deep dive any concept

"Explain [concept] like I'm a complete beginner. Give me a real-world...

WHY THIS TOOL: Handles detailed, nuanced explanations better for complex topics.

3

ChatGPT

Build practice exercises

"Give me 5 practical exercises to practice [skill] this week. Realist...

4

Claude

Test your understanding

"Quiz me on [topic]. Ask 5 questions, wait for my answers, then tell ...

5

Claude

Apply it to your real situation

"I'm learning [skill] to [goal]. How would I apply [concept] to [your...

WHY THIS TOOL: Bridges theory to your specific context more precisely.

6

All 6 tools have free tiers. Upgrade only when you're earning.

ChatGPT Plus (\$20/mo) and Claude Pro (\$20/mo) unlock higher limits — worth it once you're in the habit.

# Your AI Toolkit Is Ready.

Here's how to start — today, not someday.

1

## Get both tools free

ChatGPT ([chat.openai.com](https://chat.openai.com)) and Claude ([claude.ai](https://claude.ai)) — both have free tiers.

2

## Open the bonus prompts

Pick ONE prompt from this guide. Use it on something you're already wor...

3

## Run one workflow

Pick the workflow most relevant to your goal. Run it step by step this ...

4

## Build the habit

Every time you start a task, ask: "Can AI handle any part of this?"

**Most people collect AI tools.**

**Very few build systems.**

Pick one workflow. Run it this week. That's where the value starts.
